

## Agassi's Home

*Just wanted to let you know that Agassi is doing great!!! He and our dog Crystal get along well (could care less about each other). Gracie our other cat is taking Agassi with a grain of salt. Hisses at him if he gets too close. Agassi loves the laser light and loves to get into bed with us at night. Plan to contact our vet tomorrow, just to let her know about Agassi and her medical history. Thanks again, Linda [3/10/2008]*

*Agassi is doing well...we nick name him "Wild Thing"...Goes crazy at night. And loves attacking Gracie our other cat. They do get into it once and a while, but otherwise is doing well. Linda [4/12/2008]*
